Hello, Max!

I am glad to have your letter. Sorry that I didn't write you ~~later~~. How are you? I am feeling like my head will explode, because of headache, but I hope this will end soon. About your questions.

I would like if robots will ~~service~~ us: wash plates, cook dinner, or ~~depend~~ our house. Also, we can use them at factories, or dangerous or hard jobs, like uranium mines. Yes, I like science fiction. I like space opera's, like Dune or Star Wars for their detailed universes or "Antitropies, like "1984", "1910 on Pherengheit" or "Blade Runner" if we talk about movies.

That's all what I wanted to write. I hope that you will get my letter.

Bye,

Your brother,

Max
